Union recognition: a case study. By Menzies Law on 5th May 2017. 5th May 2017. Trade union recognition, once so widespread and unquestioned in Britain, was dealt a tough blow during the 1980s. The New Labour government of the late 1990s reversed some of the obstacles to union recognition by placing it on a new statutory footing, with the aim of carefully balancing the interests of employees and employers.
