Abstract First language (L1) transfer has been a key issue in the field of applied linguistics, second language acquisition (SLA), and language pedagogy for almost a century. Its importance,...

### (PDF) First language transfer in second language writing ...

Early research in language transfer can be traced back to the 1940s and 1950s, during which the field of linguistics was heavily influenced by Behaviorism, which viewed learning simply as a habit formation process. Transfer from the native language was, thus, considered as a form of influence of L1 habits on L2 learning.

### First language transfer in second language writing: An ...

Since Spanish, a Romance language like French and Italian, was the L2 for both groups of learners, the L2 transferand Typological transfer variables were confounded in this case; a positive value was thus assigned to both macro- variables in our analysis.

### Language Transfer

The data for this study consisted of a longitudinal corpus of narratives from 17 English second language (L2) children, mean age of 5;4 years at the outset, with first languages (L1s) that do not have definite/indefinite articles (Chinese, Korean and Japanese) and L1s that do have article systems (Spanish, Romanian and Arabic).

### The acquisition of articles in child second language ...

Language transfer is the application of linguistic features from one language to another by a bilingual or multilingual speaker. Language transfer may occur across both languages in the acquisition of a simultaneous bilingual, from a mature speaker's first language to a second language they are acquiring, or from an L2 back to the L1. Language transfer is most commonly discussed in the context of English language learning and teaching, but it can occur in any situation when someone does not have

### Language transfer - Wikipedia

Abstract. In this article second language (L2) knowledge of Dutch grammatical gender is investigated. Adult speakers of German, English and a Romance language (French, Italian or Spanish) were investigated to explore the role of transfer in learning the Dutch grammatical gender system. In the first language (L1) systems, German is the most similar to Dutch coming from a historically similar system.

### Transfer effects in learning a second language grammatical ...

This article takes an account of language transfer and cross-linguistic studies. Its relativism, universalism, and the native language are the focal point. Language transfer, or cross-linguistic influence, has long been a topic that many in applied linguistics have pondered, even though some have doubted its importance.

### Larry SELINKER | New York University, NY | NYU ...

Language transfer is a complex phenomenon resulting from interaction between learners' prior linguistic knowledge, the target-language input they encounter, and their cognitive processes. Language transfer is not always from the learner's native language; it can also be from a second language, or a third.

### Second-language acquisition - Wikipedia

Computer Speech & Language publishes reports of original research related to the recognition, understanding, production, coding and mining of speech and language. The speech and language sciences have a long history, but it is only relatively recently that large-scale implementation of and experimentation with complex models of speech and language processing has become feasible.
