The New Global Rulers: The Privatization of Regulation in ...

The New Global Rulers provides an illuminating account of the current issues surrounding global private standardization.--Kai Eriksson, European Legacy-- "Superscript" [The New Global Rulers] examines the wide and growing range of international, private (i.e., non-governmental) standards being set by groups like the IEC, ISO, and IASB. As Büthe and Mattli point out, such standards are a double-edged sword. . . .

The New Global Rulers: The Privatization of Regulation in ...

Büthe and Mattli offer both a new framework for understanding global private regulation and detailed empirical analyses of such regulation based on multi-country, multi-industry business surveys. They find that global rule making by technical experts is highly political, and that even though rule making has shifted to the international level, domestic institutions remain crucial.
